Traffic Calming Petition

Read the Traffic Calming Program Instructions before starting the petition.

Street where petitioners reside

First cross street

Second cross street

Residents of the street named above, between the two cross streets, petition the City of Sparks to consider installing traffic calming measures to address the traffic issues described in the Request for Traffic Calming.

Petitioners must be at least 18 years old and live in separate households. By signing, petitioners agree to allow traffic calming measures on their street that may permanently restrict access or parking. At least 10 petitioners are required to process this request.

Each petitioner should complete one numbered row. Contact the Traffic Division about acceptable signature and submission methods.
